Housing Director Charlene Montford made comments on what the funds [\$55,000] will be used for at the John Avery Boys and Girls Club. She noted the funds being requested would not fully address the situation; however, they would stabilize the facility.

Mayor Pro Tempore Cheek asked what other repairs are needed not covered by the \$55,000.

Council Members Best, Clement, Cole-McFadden, Edwards and Stith. Noes: None. Absent: None.

# [GENERAL BUSINESS AGENDA - PUBLIC HEARINGS]

# SUBJECT: ADOPTION OF THE FY 2002-2003 CONSOLIDATED ANNUAL PERFORMANCE AND EVALUATION REPORT (CAPER)

To receive public comments; and

To adopt the FY 2002-2003 Consolidated Annual Performance and Evaluation Report (CAPER) for submission to the U.S. Department of Housing and Urban Development (HUD) prior to the September 28, 2003 deadline.

Housing Director Charlene Montford made comments [powerpoint presentation] on changes to the CAPER report since the last City Council Meeting on September 2, 2003.

Ms. Montford made comments on the waiting list for the city's rehab program. She noted they were working aggressively and they expect to make a lot of progress this fiscal year. She noted they intend to bring to Council a proposal to outsource the emergency rehabilitation.

Council Member Edwards spoke in support of the female ex-offender program noted by Ms. Montford in her presentation.

Council Member Clement requested that the goals of the Housing Department be made available to the Council.

City Manager Conner noted the goals set by the department are outlined in the CAPER report.

Mayor Pro Tempore Cheek asked for information projecting how the \$6,000,000 would be spent for 2003-2004 regarding CDBG monies, HOME monies and other funding.

Housing Director Charlene Montford stated this information will be provided at the September 18, 2003 City Council Work Session.

The Mayor recognized the following citizens for comments.

Diane Wright, representing the Campaign for Decent Housing, stated she would hope the CDBG and HOME funds will be utilized before using bond monies and general fund monies. She spoke in support of tenant based rental assistance and home repair programs.

Steve Hopkins noted he was concern that the CAPER was not made available much earlier for citizens to review.

Dr. Lavonia Allison spoke in support of increasing homeownership.

Grace Jones made comments on the rental and homeownership programs. She stated the program is not clear and the citizens do not know or understand the process. Also, she suggested that future reports include how much money was available in the beginning and how much was actually spent instead of informing the citizens where the money was spent. Also, she voiced concern on the first time homebuyers program.

Victoria Peterson voiced concern with the lateness of the CAPER report. She requested that this item be continued and allow additional comments from the citizens.

Angela Langley applauded the city for providing funding for special needs housing. Also, she requested additional information on who benefited and what was done regarding special needs housing.

Due to the fact that citizens did not have ample time to review the revised CAPER report, Mayor Bell suggested that the public hearing and approval of the CAPER be continued until September 25, 2003 at 12:30 p.m.

Council Member Best requested a copy of the current policies and procedures for contractors regarding rehab projects.

Due to the current workload in the Housing Department, Council Member Best raised concern with the department taking on new initiatives.

Several Council Members spoke in support of the new initiatives for the Housing Department.

**MOTION** by Council Member Clement seconded by Mayor Pro Tempore Cheek to continue the public hearing to the Special City Council Meeting scheduled for Thursday, September 25, 2003 at 12:30 p.m. was approved at 8:59 p.m. by the following vote: Ayes: Mayor Bell, Mayor Pro Tempore Cheek and Council Members Best, Clement, Cole-McFadden, Edwards and Stith. Noes: None. Absent: None.

# SUBJECT: HUMAN RELATIONS COMMISSION -RESTRUCTURING HUMAN RELATIONS DEPARTMENT

To receive public comments on the Human Relations Commission; and to direct the administration to proceed with restructuring the Human Relations Department by setting priorities that will address community needs in the areas of Employment, Housing, and Community Relations.

City Manager Conner noted this is a joint recommendation from the Human Relations Department in collaboration with the Human Relations Commission.

Chair Harvey McMurray, of the Human Relations Commission, noted the commission's preference is for the Council to un-suspend the suspension of the Employment and Public Accommodations Ordinance. He also stated the Commission also recognizes and respects the recommendation of the City Attorney's Office. He noted the commission fully understood the importance and urgency of helping to initiate a statewide campaign to lobby the General Assembly to provide all cities in North Carolina with the necessary enabling legislation. Dr. McMurray noted the commission endorsed the reorganization of the Human Relations Department which maintains the current level of staffing as well as the priority areas to be presented by the Human Relations Director.

Human Relations Director Yvonne Pena made a presentation on this item. Ms. Pena noted the revised mission of the department:

• To improve race and human relations in the City by working toward the elimination of bias and discrimination in employment, housing, public accommodations and to prioritize community outreach in educational activities to meet the need of our citizens.

She noted the second recommendation was to review and discuss core services. The following core services were identified:

- Employment (Alternative Dispute Resolution Program will be adopted)
- Public Accommodations will be included in the Alternative Dispute Resolution Program
- Housing
- Community Relations and Outreach Activities
- Other

Ms. Pena noted the following functions of the department:

- 35% of time spent on employment issues
- 30% of time on housing
- 25% of time on community relations and outreach
- 10% of time on other issues of importance

Ms. Pena noted a plan will be developed to initiate a statewide campaign to lobby the General Assembly in order to develop a state employment discrimination law; develop a transition plan with EEOC; develop outcome measures and continue to provide quarterly reports on all projects.

Ms. Pena noted prior to the suspension of the ordinance enforcement powers were allowed through the ordinance and through the work share agreement with EEOC. She noted now that the ordinance has been suspended it would be on a voluntary basis – when complainants come to the Human Relations Office the staff will and mediate the situation and they will model the mediation program according to EEOC guidelines.

Council Member Best raised concern with maintaining the current level of staff.

City Manager Conner noted during the FY04-05 budget discussions the caseload for the department will be revisited and if needed, the adjustments will be dealt with during budget. She noted this current fiscal year will be a benchmark in terms of actual cases received.

As this was the time and place set for the public hearing, anyone interested was given the opportunity to be heard.

Diane Wright, representing the NAACP, stated the NAACP recommends maintaining the Human Relations Commission with its existing powers but they understood the City Attorney's ruling. She recommended that core services to attack discrimination not be neglected. Ms. Wright asked if public education will be available upon demand or will it be only scheduled education seminars.

Steve Hopkins spoke in support of the compromise. He also stated sexual orientation should be a protected class and asked that it be included. Mr. Hopkins raised a concern with how the City will get an employer to come in for mediation.

Steve Lathrup noted currently there are sufficient laws at the federal and state level to prosecute those who discriminate.

Angela Langley asked the Council to support the Human Relations Commission and the department.

Dr. Lavonia Allison asked that discrimination be continued to be attacked aggressively.

Mickey Brown asked that the Human Relations Department and the commission be supported.

Commissioner Joe Bowser asked that the Council support the Human Relations Commission and try to obtain legislation that will allow enforcement. Also he asked the Council to check and see if New Hanover County has suspended its ordinance and if not, the City might want to revisit its decision.

Melvin Whitley asked the Council to support the underprivileged and noted the Human Relations Commission needed to have enforcement power.

The public hearing was closed by the Mayor.

The Human Relations Director made comments on education requests and scheduling sessions. She noted sexual orientation can be added as a protected category.

Dr. McMurray agreed with adding sexual orientation as a protected catergory.

A motion was made by Council Member Clement to adopt the recommendation of the Human Relations Commission to unsuspend the suspension of the Employment and Public Accommodations Ordinance which will allow the Human Relations Commission to perform their duties as usual. This motion was seconded by Council Member Stith.

Dr. Harvey McMurray, Chair of the Human Relations Commission, noted their recommendation is to support the reorganization of the department as outlined by the Human Relations Director with the understanding the city will seek legislative authority; however, their preference is to unsuspend the suspension of the ordinance.

Assistant City Attorney McGirt made comments on New Hanover County's ordinance and the City of Durham's ordinance.

# [EXTEND MEETING]

Council Member Clement also requested that mediation be pursued [bringing in EEOC where appropriate] as part of the remedy.

It was noted that Elizabeth Stoeber of the Manager's Office will be coordinating a meeting with the legislative delegation, council and Human Relations Commission to have a discussion on this issue.

**SUBSTITUTE MOTION** by Mayor Pro Tempore Cheek seconded by Council Member Edwards to receive public comments on the Human Relations Commission; and to direct the administration to proceed with restructuring the Human Relations Department by setting priorities that will address community needs in the areas of Employment, Housing and Community Relations was approved at 10:06 p.m. by the following vote: Ayes:

To receive public comments on the Draft Parks and Recreation 2003-2013 Master Plan.

Beth Timson, of the Parks and Recreation Department, made a powerpoint presentation on this item.

Mayor Bell opened the public hearing.

George Dubay spoke in support of the master plan.

Dr. Curtis Bowen spoke in support of a Martin Luther King, Jr. Park in Durham.

Cheryl Sweeney made comments on the problems currently existing in Northgate Park. She noted the city needed to maintain the parks already in existence before building more park.

Barry Ragin, representing Duke Park Neighborhood, noted the master plan does not adequately address the existing parks which need to be maintained.

Eugene Brown made comments on the current parks not functioning and the city spending money to pay a consultant to tell us what we already know.

Larry Brockman provided the following comments to the Clerk for the record: It is my opinion that the Master Plan in its current from is not ready for council approval. The plan calls for more study of the need for additional recreation centers. Shouldn't this research be done before budgeting \$40 million for such facilities? Most important, I urge council to make "walkable greenspace facilities" an integral part of the Master Plan. The need for and popularity of these facilities has been clearly proven over the past several years. Members of the Ellerbee Creek Watershed Association have identified many locations in Durham where these facilities could be developed and would be glad to work with the Parks and Recreation Department to add this component to the Master Plan, so that the Plan would truly reflect the stated needs of Durham residents.

Patrick Murray, representing Woodcroft Athletic Association, expressed concern with park availability.

David Penney stated shared use facilities with the Durham Public Schools were mentioned in the plan. He asked where are these facilities, how much of these funds could be shared, are there funds earmarked for this use or, are available for use currently.

Steve Hopkins asked council not to construct any new parks but to renovate the ones already in existence.

Katherine O'Brien noted PAC 2 will not support a bond issue until the current parks are improved/maintained.

George Conklin, representing Stirrup Creek Homeowners, asked the Council to support a park in the Bethesda area. He noted this request has been on the books for years.

Virginia Mason raised concern with the condition of River Forest Park.

Dr. Lavonia Allison asked the Council to support a partnership with the school system for recreational activities.

Mike Shiflett made comments on the 1996 bond issue which was suppose to correct and build parks. He asked where is the money from the 1996 bond.

Glennis Jones made comments on the current problems in the parks. Also, he asked where is the money from the 1996 bond for parks.

Leslie Laufer made comments on the Southern Boundary park.

Richard Mullinax spoke on the current conditions of the parks in Durham.

Andrey Mitchell asked the Council to approve funding to continue the design process and construction document for the building project of the proposed new addition to the Walltown Community Center.

Joe Williams asked the Council to support the existing parks in Durham – Hillside Park and Duke Park. Also, he asked where is the money to correct the problems and noted poor maintenance.

Victoria Peterson expressed concern with the Master Plan.

Bill Bussey noted currently impact/development fees cannot be used toward for maintenance and upkeep of the parks. He spoke in support of these funds being used and asked the Council to change the policy on the use of impact fees. He spoke in support of standardized signage for parks, but asked the Council not spend \$50,000 to study and design what the signage will look like. He asked that this activity be done in house.

Melvin Whitley stated Northeast Central Durham (District 1) has the largest crime problem and the only District in the City without a recreation center.

The Mayor closed the public hearing.

Mayor Bell stated the city has done a very poor job in maintaining its parks and the city needed to take care of what we have before asking for something else. The Mayor stated we have to prove to people that we can maintain what we already have.

Council Member Clement reminded Council there was a promise to build a park in the Bethesda area years ago.

**MOTION** by Council Member Clement seconded by Mayor Pro Tempore Cheek to receive public comments on the Draft Parks and Recreation 2003-2013 Master Plan was approved at 11:14 p.m. by the following vote: Ayes: Mayor Bell, Mayor Pro Tempore Cheek and Council Members Best, Clement, Cole-McFadden, Edwards and Stith. Noes: None. Absent: None.

# SUBJECT: REZONING - CARPENTER POINTE PHASE III (P03-01) CARPENTER ROAD NORTHWEST OF DEBRA DRIVE INTERSECTION -CARPENTER POINTEE PARTNERSHIP

To and receive public comments on rezoning Case P03-01 (Carpenter Pointe Phase III); and

To adopt an ordinance amending the Zoning Ordinance, the same being Chapter 24 of the Durham City Code, by taking the described property in rezoning Case P03-01 out of RD and placing same in and establishing same as PDR-2.0; F/J-B.

Planning Department Recommendations: Approval Zoning Committee Recommendations and Vote: Denial - (5-1)

# Note: Invalid protest petition filed against this rezoning.

City/County Planning Director Frank Duke made comments on this item noting the staff report. He noted the staff recommended approval. He stated the Zoning Committee recommended denial noting school overcrowding.

The Mayor opened the public hearing.

## **Proponents**

Tricia Roberts, representing the applicant, spoke in support of the request. She stated the staff report is relatively factual, the request is in compliance with the small area plan and is compatible with the surrounding neighborhood.

# Opponents

Rebecca Carpenter spoke in opposition to the request and asked Council to deny this rezoning. She expressed concern with the validity of the school enrollment projection and several acres of the proposed development being in a floodplain. Ms. Carpenter requested Council consider the impact of their decision regarding satellite areas and the affect those decisions are having on the quality of life of county residents who chose their rural residential environment. She asked the Council to allow the area to grow as a single family residential area.

Shawn Gross stated they received a letter from the Planning Department on August 29, 2003 stating they would have the ability to file a protest petition against the rezoning. Mr. Gross stated he had difficulty finding the petition on the internet and he contacted the planning department and they mailed the petition and he received it on September 4<sup>th</sup>. Mr. Gross noted he was able to get the signatures from everyone with the exception of one owner and the petition was not valid because he did not get 20% and he felt this was unfair. He expressed concern that the developer owned 90% of the lots and a builder will not sign a protest petition.

There was no rebuttal by the applicant.

Mayor Bell closed the public hearing.

City/County Planning Director Frank Duke noted the Northeast Durham Plan was adopted about a year ago. He stated the proposed development will meet all ordinance requirements as proposed and under the current R-20 designation on the property you can have development within the floodplain. He noted that one of the committed elements by the developer is not to have any lots in the floodplain.

City Attorney Blinder noted there is no provision in the state law to treat the protest petition differently based on whether the owner of the adjoining property is a private developer.

Discussion was held on the restrictive covenants.

City/County Planning Director Frank Duke noted DOS recommended three items – and one is shown conceptually on the development plan [the pedestrian access to the open space] between lots 28 and 29 none of these were committed elements.

Council Member Stith asked the developer about the committed elements.

Tricia Roberts, representing the applicant, stated the design stands as it is.

Becky Gross, a resident of Dovetail Drive, made comments on the square footage of the homes being less than 1400 square foot. She noted there was a change in builders and they were not informed and the new builder is constructing homes less than 1400 square feet. She stated they met with Ron Horvath on July 1<sup>st</sup> and he stated he would submit an amendment to the covenant in writing within 30 days and he had not done that or contacted any of the homeowners.

Mayor Pro Tempore Cheek asked if there are any tot lots as committed elements on the plan.

City/County Planning Director Frank Duke stated there are no committed elements for tot lots.

**MOTION** by Council Member Best seconded by Council Member Clement to adopt an ordinance amending the Zoning Ordinance, the same being Chapter 24 of the Durham City Code, by taking the described property in rezoning Case P03-01 out of RD and placing same in and establishing same as PDR-2.0; F/J-B **FAILED** at 11:49 p.m. by the following vote: Ayes: Council Member Clement. City/County Planning Director Frank Duke made comments on this rezoning request noting the committed elements. He noted the staff recommended approval.
